

## EIGHTH GRADE MATH REQUIRED MATERIALS

2016-2017

*Each student must have the following:*

- **4 MARBLE COMPOSITION BOOKS**-College Ruled (one for each Marking Period)
- **A STUDENT AGENDA** for writing down assignments
- **PENCILS:** (# 2 lead Pencils) Pencils are an obvious necessity in mathematics. However, at this point in math you will be required to make precise lines to show where lines intersect or where points are located on a graph. Therefore you will need to keep your pencils sharp all the time or use mechanical pencils. (HINT: Buy 0.5 mm lead mechanical pencils and lead. The line is sharper and the lead is easier to replace later. It's best to avoid 0.7 mm altogether)
- **A GOOD ERASER:** A good eraser makes your work neat and easier to understand. (My favorite is STAEDTLER Mars Plastic eraser which is usually found in the drafting section of most office supply stores. It's awesome!)
- At least **4 GLUE STICKS** to start the year with. We will be using them on a daily basis so YOU will be responsible for replenishing your supply as needed.
- **A RULER:** You will need a good ruler or another straight-edge to draw nice, straight lines.
- **COLORED PENCILS**
- **RED PENS** for correcting homework.
- **2 yellow highlighters**
- 1 pair of small **SCISSORS**
