**Committee Reports:**

*Financial Report:* Mari Giovinco sent a report that the current bank balance in the account is \$21,494.43.

*Athletic Director's Report:* Kerri Altebrando proposed combining the girls and boys soccer squads into two co-ed teams. Currently there are 17 girls on one team and 23 boys on the other. The two teams will be tiered into an A and a B team. The coed A and B teams would reduce the amount of students being cut from the boys' team and it will help level out the girls' team which on occasion can be short of players. There would not be any additional uniform costs because plenty are in storage.

**Old Business:**

*Food Days:* Amy Medina is running food days. Monday is alternating Millington Station Café with Natale's. Wednesday is Natale's Pizza Day.

*Status of 990:* Mari is working with Kevin Wetherell. Professional fees will cost between \$350 and \$500.

*Scholarship request:* SPORT was approached to provide a pay to play scholarship. This request was vetted by Mr. Villar. Mari Giovinco though not present asked for the request in writing.

Mr. Lisbona made two requests. One financial request was for a \$7.95 trophy and one for a \$194.95 plaque. Leslie Degeorges approved the purchase of the \$7.95 trophy and said the second purchase needed to be voted upon with the treasurer.

There is a request by Mr. Birkhead for a new pitching mound. There are 2 types of mounds. The prices were \$879. And the other type was \$359. The mounds basically would be used on rainy days. Mr. Villar proposed an inquiry regarding compliance with facility use rules before a decision is made on purchasing this type of sports equipment.
